## About Us:

- All skill levels and interests are welcomed from beginner to advanced to professional.
- At each monthly meeting, we provide an informational program followed by a constructive critique of one another's work based on both theme and open category photos.
- We offer a Beginner Photography Program twice per year, complete with Independent Study Assignments, Workshops, and Follow-Up Assignments.
- We offer opportunities for qualified photographers to volunteer with the local Department of Family and Protective Services.
- Many of our members are able to provide expert mentorship to photographers who desire to improve their skill set.
- We offer frequent opportunities for hands-on shooting experiences and camaraderie via photo walks and other outings.
- We encourage our members to present their work to an audience through regional contests and exhibits, including our own ETCC Annual Print Competition.
- We keep our members informed via our website, group emails and our ETCC Members Only facebook page.
